### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the claims:

Claim 15, line 11, replace "cells" in "the selected memory cells" with --cell--.

Note: There is only one memory cell selected in claim 15, lines 6-7.

2. The following is an examiner's statement of reasons for allowance:

The prior art does not teach or suggest the following limitations:

an internal clock generating circuit for generating the address clock signal and the first and second data clock signals in response to an external clock signal and complementary clock signal, wherein the address clock signal and the first and second data clock signals have twice the frequency of the external clock signal in a test mode.

a first clock generating circuit comprising a first synchronous mirror delay circuit, for generating a first internal clock signal and a second internal clock signal having  $0T$  and  $T/4$  phases of an external clock signal, respectively, where  $T$  is a period of the external clock signal; and

Art Unit: 2827

a second clock generating circuit comprising a second synchronous mirror delay circuit, for generating a third internal clock signal and a fourth internal clock signal having a  $T/2$  and  $3T/4$  phases of an external clock signal, respectively;

wherein, in a test mode, the address clock signal is generated in synchronization with the first, second, third and fourth internal clock signals, the first data clock signal is generated in synchronization with the first, second and third clock signals, and the second data clock signal is generated in synchronization with the second and fourth internal clock signals.

Therefore, the application is condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Huan Hoang whose telephone number is (571) 272-1779. The examiner can normally be reached on Mon-Fri 8:30AM-5:00PM.
